In Re: AT&T SOUTH CAROLINA’S)
PETITION REQUESTING THE COMMISSION’S) DOCKET NO. 2008-408-C
INTERVENTION IN NUMBERING RESOURCES)
DETERMINATIONS)
_____)

**AT&T SOUTH CAROLINA’S APPLICATION FOR EXTENSION OF TIME TO
PLACE NUMBERING RESOURCES IN SERVICE**

For the reasons set forth below, and consistent with applicable Federal Communications Commission (“FCC”) Rules, BellSouth Telecommunications, Inc. d/b/a AT&T South Carolina (“AT&T South Carolina”) respectfully requests the Public Service Commission of South Carolina (“the Commission”) to extend the deadline for AT&T South Carolina to activate and commence assignment of the numbering resources addressed in Order No. 2008-857(A) to December 31, 2010.

I. BACKGROUND

By Order dated January 20, 2009, the Commission directed the North American Numbering Plan Administration (“NANPA”) and/or the Pooling Administrator (“PA”) “to approve AT&T South Carolina’s code assignment of two consecutive thousand-blocks in the 843 NPA with XXXX’s that do not begin with 9 or 0, which it recently requested for the Mount Pleasant Rate Center.”¹ This Amended Order was the result of an Amended Petition filed by

¹ See Amended Order Granting NANPA/PA NXX Relief, *In Re: Petition of BellSouth Telecommunications, Inc. d/b/a AT&T South Carolina for Review of NANPA/PA NXX Code Assignments in the Mount Pleasant Rate Center*, Order No. 2008-857(A) in Docket No. 2008-408-C at 3 (January 20, 2009). After this Order issued, number blocks 843-606-7000 and 843-606-8000 were assigned to AT&T South Carolina. See Attachment A.

AT&T South Carolina in order to meet the numbering resource needs of its customer, Roper St. Francis HealthCare.²

Under applicable FCC Rules, these numbering resources are subject to being reclaimed unless AT&T South Carolina either: (1) activates and commences assignment of these resources to end users within six month of receipt; or (2) obtains an extension of this six-month timeframe from this Commission by explaining the circumstances causing the need for the extension.³ In this case, the six-month timeframe expires on or about the end of July 2009. AT&T South Carolina, therefore, respectfully requests an extension of this timeframe to December 31, 2010 for the reasons explained below.

II. REASON FOR DELAY AND NEW IN SERVICE TIME COMMITMENT

On July 29, 2009, AT&T South Carolina's customer asked AT&T South Carolina for an extension of the in-service time for the numbering resources at issue, explaining that it will initially use 250 numbers for the first phase of its construction project starting in the fall of 2009, and that it will make full use of all the numbering resources at issue by December 2010.⁴ By letter subsequent letter, the customer further explained that these timeframes are consistent with the current schedule of the construction project for the new hospital in which the numbering resources will be used.⁵ AT&T South Carolina, therefore, respectfully requests an extension of time to activate and commence assignment of the numbering resources addressed in Order No. 2008-857(A) to December 31, 2010. Based on communications with the PA, AT&T South

⁵ *See* Attachment C.

Carolina is informed and believes that the PA will honor any extension the Commission decides to grant.

CONCLUSION

For the reasons set forth above, AT&T South Carolina respectfully requests the Commission to enter an order extending the time for AT&T South Carolina to activate and commence assignment of the numbering resources addressed in Order No. 2008-857(A) in service to December 31, 2010.

Respectfully submitted this 26th day of August, 2009.

Doris

We are requesting an extension on the 2000 phone numbers that we have reserved for the Mount Pleasant hospital project. We will initially use 250 numbers for the first phase of the project starting in October of 2009. By December of 2010, we will make full use of the 2000 numbers.

Thank you,

Jon Skelley
Director of Technical Services

Doris

This letter follows up on the letter we emailed on June 29, 2009, in which we stated that we will initially use 250 numbers for the first phase of our construction project starting in September 2009, and that we will make full use of all the numbers by December 2010. This will confirm that these timeframes are consistent with the current schedule of the construction project for the new hospital in which the numbering resources will be used.

Thank you,

Jon Skelley
